YOU MAY CHOOSE WHICH ASSIGNMENT YOU WANT TO COMPLETE. The completion of your assignment will also count as your practice sheet for the week.

OPTION #1:

Record and send two of your Band Member Lines (numbers on the back of your binder) or Objectives (assignments on the back of the practice sheet) to Mrs. Goth.

You can do this on www.essentialelementsinteractive.com or simply record with a device and email or text to Mrs. Goth.

Please email me if your child has misplaced the username and password for Essential Elements.

Directions for making and sending a recording on Essential Elements Interactive

1. Log into Essential Elements Interactive with your username and password
2. Click on the microphone icon in the top right corner.
3. Click "view songlist" on the left side of the screen. You should be able to view all of the songs from your Essential Elements Book. You may have to skip through the pages to get to your selection.
4. Once you have found the song you would like to rehearse, simply click on the title. Music for the selection should pop up. You can listen to and play along with the song by clicking the play button. It will click 4 times before you need to start playing.
5. To record, click the red circle button. Wait for the 4 clicks and then play along with the recording. You only need to play through the song once. Press the red circle button again when you are done recording.
6. After you have pushed the red circle button for the second time, a box should pop up at the bottom. This is your recording. It should say "Take 1". You can listen to the recording to make sure it is the one you want to submit. You can make several recordings before sending the one you think is best.
7. When you are ready to submit your recording, click "save take 1" - or whichever take you decide to save.
8. On the left side of the screen click "saved recordings." All of your saved recordings will pop up. Select the recording you would like to send by ticking the empty box on the right next to the recording.
9. Click submit. Sometimes you may also have to add a comment. After clicking submit, the recording will be sent to me, and I will grade it within a couple of days.
