

Coping Skills

Coping Skills or as I call them....

Getting Through Life Skills

Self-Soothing

(Comforting yourself through your five senses)

1. Something to touch
(ex: stuffed animal, stress ball)
2. Something to hear
(ex: music, meditation guides)
3. Something to see
(ex: snowglobe, happy pictures)
4. Something to taste
(ex: mints, tea, sour candy)
5. Something to smell
(ex: lotion, candles, perfume)

Distraction

(Taking your mind off the problem for a while)

Examples:

Puzzles, books, artwork, crafts, knitting, crocheting, sewing, crossword puzzles, sudoku, positive websites, music, movies, etc.

Opposite Action

(Doing something the opposite of your impulse that's consistent with a more positive emotion)

1. Affirmations and Inspiration
(ex: looking at or drawing motivational statements or images)
2. Something funny or cheering
(ex: funny movies / TV / books)

Emotional Awareness

(Tools for identifying and expressing your feelings)

Examples:

A list or chart of emotions, a journal, writing supplies, drawing / art supplies

Mindfulness

(Tools for centering and grounding yourself in the present moment)

Examples:

Meditation or relaxation recordings, grounding objects (like a rock or paperweight), yoga mat, breathing exercises.

Other Ideas

Use different senses.....

- Wear your favorite sweatshirt
- Take a walk in the grass with no shoes on
- Smell candles or flowers
- Find all the square or green objects in the room
- Observe and describe an object: color, texture, shadow, light, shape
- Get a massage
- Calming Bottles

Grounding Exercise

Look around and name:
5 Things you can **see**
4 Things you can **feel**
3 Things you can **hear**
2 Things you can **smell**
1 Thing you can **taste**

Distraction

Again this is anything that takes your mind off of the negative or stressful things for a bit.

What else can you do to distract your mind?

Opposite Action

Again this is where you do the opposite of what you are feeling or what you want to do.

If you are sad.....watch a funny movie or youtube video, look at funny memes, read a joke book

If you are feeling stressed or unmotivated.....look up inspirational quotes, exercise

Drawing

Painting

Poems

Creating Music

Mindfulness

Being Mindful really means being in the present. It means not dwelling on the past and not stressing/worrying about the future. You must focus on the here and now.
