Dear Saint Wendel School Families,

My fingers are crossed that we do not have any more snow days. As many of you may remember we had this issue last year with snow days. Last year the state granted a waiver for some of the days and then we could add an additional hour. Until yesterday afternoon at 3:30pm our options were: eLearning Day, Saturday School, or Extend the calendar. Our teachers feel very strongly about the importance of making up instructional time and making it valuable. Yesterday we were informed that additional time added to the school day would again be allowed for this school year. After careful consideration and after some new developments from the state in regards to snow make-up days **Saint Wendel will be adding one hour to each school day beginning Monday, March 30, 2015 through April 30, 2015.** At this point I am not 100% on what the MSD of North Posey and EVSC's decision will be and how that will affect us at Saint Wendel. Saint Wendel will dismiss the K-8 program at 3:30 starting on Monday after Spring Break. We will run dismissal like normal, EVSC and North Posey bus riders will catch the bus at regular time, extended care students will head down at 3:30pm. Extra-curricular activities will be adjusted as needed during this time period. If any more severe weather issues arise between now and the end of school year causing us to cancel we will once again evaluate the situation and try to find an applicable solution.

Please call the office if you have any questions. Thanks for all your support!!!!

Thanks,
